

# FURY™

## The Lightweight, Portable Electric HEPA Vacuum

### Dual 1½ HP Motors For Peak Performance In An Electric Portable

The Fury by **Wm. W. Meyer & Sons, Inc.** is an electric-powered vacuum designed for indoor use where H.E.P.A. filtration is required. Utilizing the latest filtration technology available, the Fury's H.E.P.A. rating means you can take advantage of the growing demand for healthful indoor environments in residences and commercial buildings.

Using two 1½ hp motors, the Fury offers twice the horsepower when compared to single 1½ hp motor units. Coupled with the Fury's high-efficiency backward inclined fans, multi-stage filtration system and portability provided by its three-piece, modular construction, the Fury offers a level of performance and ease-of-use unmatched by other units.

Capable of operating in both single and dual fan modes, the Fury's high-efficiency motors draw only 13.5 amps. each, allowing the unit to be operated virtually anywhere one or two 115 VAC circuits are available.

### Fury Features And Advantages At A Glance

- Dual 1½ hp, electric motors draw only 13.5 amps. each.
- High efficiency, backward inclined airfoil fans.
- Operates in both single and dual fan modes.
- Integral dolly and stair climbers.
- Carrying handles and casters on each module for portability.
- Compact, modular design allows the unit to be disassembled and carried even in the tightest spaces.
- Three-stage filtration system has a pressure gauge for monitoring filter conditions, guaranteeing peak operating performance.
- Two-year warranty.

Three-piece, modular design

## Fury Specifications

<b>Weight</b>	220 Lbs.
<b>Inlet Diameter</b>	12"
<b>Static Pressure</b>	5" W.C.
<b>Construction</b>	Three-piece Modular Aluminum
<b>Motor</b>	(2) 1 1/2 hp Electric
<b>Fan Type</b>	(2) Backward Inclined Airfoil
<b>Electrical</b>	(2) 115 VAC/60Hz/1ph Optional 220 VAC/50 - 60Hz/1ph

<b>Filtration System</b>	30% Efficient Cube Filter 60% Efficient Pleated Filter 99.97% Efficient HEPA Filter (.3 micron)
<b>Instrumentation</b>	Differential Pressure Gauge
<b>Hopper Capacity</b>	5 Cu. Ft.
<b>Length</b>	57"
<b>Width</b>	26"
<b>Height</b>	26"

*Engineered to Perform  
Built to Last*

### All you need for professional air duct cleaning.

**Wm. W. Meyer & Sons, Inc.** has been a technology leader for **three generations**, designing innovative vacuum collection and pneumatic conveying systems since 1933. With over 100 employees, Meyer is **by far the largest** manufacturer of vacuums for the Indoor Air Quality Industry. From residential and commercial HEPA filtered units to trailer-mounted, truck-mounted and portable electric and gas powered vacuums, Meyer has a machine to meet your specific needs. **We're the only company that offers it all.**
